

Manufacturer's Certification

This is to certify that the metal roofing product purchased is coated with an ENERGY STAR® approved Akzo Nobel Trinar® Cool Chemistry™ coating that:

- a) Is appropriately pigmented and is specifically and primarily designed to reduce the heat gain of a dwelling when installed on the dwelling; and
- b) Meets or exceeds ENERGY STAR® program requirements for steep-slope roofs with a pitch of 4:12 or greater,

in accordance with the American Reinvestment and Recovery Act of 2009. Furthermore, the paint finish is an “eligible building envelope component” that qualifies for the \$1500 Federal Tax Credit under section 25C of the Internal Revenue Code.

Declaration Statement:

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts presented are true, correct and complete.
